

1. Click on Link icon in toolbar
2. A box will appear, type or paste in the link

LinkText if you would like the link to display as a word or phrase instead of the actual link.

Open Link in New Tab Leave the box unchecked if you would like to stay it to open the link on the same page. Check the box if you would like to open up a new tab. General rule - if you are linking to a website other than your own you will want it to open up in a new tab.

Search use the search tool if you are looking for a link within your website by keywords.

Insert/edit link ✕

Enter the destination URL
