

This is similar to what your WordPress Dashboard will look like when you login.

### Dashboard Customization

By clicking Screen Options at the Top Right Hand Side it will give you options of boxes to select for you to choose what you would like to be displayed on your dashboard.

We recommend:  
Google Analytics  
Forms  
Backup Buddy  
Tutorials

### To View Public Site

Click on the website name in the Top Left of the Page

### To Logout

Click on you username at the Top Right. A dropdown will appear to click Logout.

The screenshot shows the WordPress dashboard for the user 'cb{d} Cassandra Bryan Design'. The browser address bar shows 'cb{d} Cassandra Bryan Design | Wichita W...'. The top right corner shows the user's name 'Aloha, Cassandra Bryan' and a 'Screen Options' dropdown menu. The dashboard includes several widgets: 'Forms' with a table of unread and total counts, 'Google Analytics Dashboard' with a line chart and summary statistics, and 'Yoast SEO Posts Overview' with a list of post categories and counts.

Title	Unread	Total
